To the Editor:

To the Editor: In the Harvard college grounds on Tuesday, class day, by courtesy of Mr. Needham, of the senior class, a mem-ber also of the Pi Eta committee, I could not help wishing that all the High school boys, in all the towns hereabouts, might have seen the beautiful sight. To watch the great procession of the seniors and of the alumni, as they marched around with stirring music and saluted the various college halls, and in many other ways gave expression to their enthusiasm and affection for the old university to which they owed so much—all in the presence of thousands of visitors, ladies and friends, was enough to make any young fellow feel that he too should go to college and join such an immense and promising and noble an immense and promising and noble brotherhood.

The real American boy, the boy that is bound to succeed in the world, will certainly get the substance of an education, in some way or other. There may be many ways of doing it, but what better way is there to get it than to go to college if you your it than to go to college, if you can. *

The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements. Farm wagons, dump carts, trucks, buggies, surreys, run-abouts, pony carriages, business vehicles of every description-with harness of the same high standard.

Fing Day Exercises. The Hattle D. Stone tent, Daughters of Veterans, gave a very pleasing pa-triotic entertainment in the lower town hall on Saturday, evening in observ-ance of flag day. The program was in charge of President Mrs. Arthur W. Adams, and consisted of patriotic songs and recitations, a piano solo by Mrs. C. C. Lane and daughter Miss Evelyn, and a reading of a story written by Mrs. O. W. Scott, entitled "The veter-an's protest." and told how an aged and feeble veteran tore down the so-cialist flag which he saw floating above Old Glory. It was a well told story and enthusiastically received by all who heard it, especially the veterans. Mrs. Adams then brought out a beau-tiful silk. flag 5x8 feet mounted on a staff, and in behalf of the tent pre-sented it to the veterans of Lunenburg. committing it to the care and custody of Stillman Stone, in memory of whose daughter the tent was named. Mr. Stone feelingly responded, thanking the daughters for the beautiful gift and pledged loyalty and support to the dear old flag while life should last. On motion of James A. Litchfield a sin-cere vote of thanks was given the daughter's for the gift and all united in singing "America." Refreshments of fruit punch, cake and cookles were then served, and a social hour enjoyed by all.
