THE FOLLOWING STATEMENTS WERE MADE BY MR. FORD TO A LARGE FORD CAR DEALER:

"We shall sell 300,000 in 11 months. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1800 daily. We shall pay back to each purchaser of a Ford Car between August 1, 1914, and August 1, 1915, barring the unforeseen, the sum of \$50.00. What can I add to this statement—\$15,000,000 cash coming back to FORD owners and to prospective Ford owners up to August 1, 1915. It actually means—Ford Touring Cars, \$490, less the \$50 rebate; Ford Runabouts, \$440, less the \$50 rebate—all F. O. B. Detroit. What is there left for me to say?"

PURITY

The ingredients of the food you eat and give your children should be pure and healthful beyond any question.

Various food officials and pure food experts have frequently endorsed Royal Baking Powder as being superior to all other similar preparations, and many of the great chemists of the world, including most of those of official position, have given like testimony.

No other article of food has ever received such emphatic commendation for purity, strength and wholesomeness, from the most eminent authorities, as Royal Baking Powder.

Because Royal Baking Powder adds only healthful qualities to the food is one of the reasons why it is always preferred by teachers of cookery and the medical profession.
