Narrow Escape.

Westford friends are sorry to hear of the recent accident that happened to Wesley Hawkes, Jr. of Microse. He is employed by the American Express Co., Boston, in the foreign exchange bond department, and while a fellow-workman in the same room with him was at work cleaning some revolvers kept there by the company, a bullet was accidentally discharged seriously wounding Mr. Hawkes. He was removed to the hospital and is making good recovery. At best it was a nerve-racking scare for all concerned. Of course the man cleaning the revolvers supposed them empty. Mr. Hawkes is an Ottawa man, doing service at the front. He was gassed but escaped being wounded, but at home in the supposedly peaceful pursuit of his daily work had a narrow escape from death. He is a frequent visitor in this village and his many friends here wish him a good recovery.

The program for the afternoon was a lecture by Miss Josephine Chute, a director of the Lowell Normal school on "Art in home furnishing." Miss Chute was an accomplished speaker and her lecture illustrated with samples of wall papers, draperies and pictures, was an incentive to all who heard her, to make the arrangements of their houses in walls, floors, furnishing and ornaments as attractive as possible up to one's capability and means. Mrs. Herbert Eames gave delightful solos before and after the lecture, accompanied by Miss Julia Fletcher.

Westford men in the chorus were Clifford Johnson, Charles Roby, Leon Hildreth, Alfred Hartford, John Greig, George Wilson, Frank Cunniff, Mark Palmer and Fred Perkins. For two hours the audience enjoyed the bright jokes of the inter-locutor and men with local hits, the solo characters and fancy dances and choruses. Nearly 300 partook of it and spoke in highest praise of the supper committee, Mr. and Mrs. Osman Needham, and their assistants in serving such a toothsome supper and such an abundance. After supper there was dancing for adults. A special town meeting was held on Wednesday evening at the town hall to discuss the location and plan of the memorial for the world war veterans. The meeting was full of spirit and discussion. It was also voted to give the overseers of the poor privilege to cut all such standing timber as in their opinion should be cut.

Church Reopened. The Congregational church was opened for services on Sunday, April 17, after a close of three months, during which time complete renovation has been in progress. The interior of the auditorium was really beautiful in its new color scheme of colonial cream tints. The plan of this work together with the new work around the pulpit was the work of S. Bruce Ewell, whose drawings in this has been very much appreciated. Arthur T. West had the entire work in charge, and he has much credit due him for his artistic work in carrying out the plan of the architect. The soft cream and buff tints of the panels and wall, set off with the mahogany trimmings, pulpit, rail and the rich maroon of the carpet runners and velvet hangings of the pulpit transformed this old colonial church and gave it a new touch of beauty to everything.

George Pollard attended to the selection of the velvet hangings and carpet runners. For the opening service the ladies decorated the auditorium and vestibule with palms and potted plants.

The speaker for the day was Commander Brokenshire, chaplain of the naval prison at Portsmouth, N. H. He was assisted by Rev. George Kent, of the Unitarian church; Rev. W. A. Gussman of the Baptist church; Rev. Arthur W. Dyer, of the Congregational church. He gave a wonderful sermon in the morning, and at the evening service told an interesting way of his trip with a U. S. transport through the Black Sea and later by land through Armenia.

At the morning service Mrs. Madeline Parker, soprano, assisted by Wilfred Parkinson, violinist, and Miss Helen Stinson, organist, gave solos. Mr. Parkinson also rendered a violin solo at the opening of the service. A chorus of the united choirs sang at the evening service.

Lieut. Arnold, Master, English of the U. S. submarine base, who were guests with Mr. and Mrs. West, were among those present from the navy to hear Dr. Brokenshire.

Although a very stormy day about 150 were present at both services, and the hearty spirit shown by the members of the choir and congregation, celebrate this day was very gratifying to those who had the day in charge.

There will be regular services at both churches on Sunday, Rev. George Kent preaching at the Unitarian church and Rev. A. W. Dyer at the Congregational church.

The Range That Really Saves

There are two separate ovens—one for coal and one for gas. Both ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for NINE large utensils. You can do all of your cooking at one time. You can do it better—with less waste and less work. You have coal for Winter, to keep the kitchen warm and comfortable; and gas for Summer, to keep the kitchen cool.

The illustration below shows the wonderful pearl grey porcelain enamel finish—so neat and attractive. By simply passing a damp cloth over the surface you are able to clean your range instantly. No more soiled hands, no more dust and smut. It banishes the old time task of blacking the range. You owe it to yourself to enjoy the comfort and convenience of the Gold Medal Glenwood range.

Number of Harley-Davidson Riders Increases with Price of Gasoline WHETHER the number of Harley-Davidson riders increases because of, or despite the advance in the price of gasoline does not detract one atom of strength from the fact. A few years ago, because of low priced motor fuel and lubricating oil, the upkeep cost of a Harley-Davidson Motorcycle was RIDICULOUSLY low. Today it is still UNUSUALLY low, enabling the solo mount rider to travel at less than 1 cent a mile. A sidecar costs very little more than that to operate. Forty to sixty miles on a gallon of gasoline! 800 to 1000 miles per gallon of oil! These are average consumption figures, proving to you that the Harley-Davidson excels in economy as well as in many other respects. Consider this, and then drop in and see the classy, efficient, compact new models. Harley-Davidson Motorcycles can be bought on the easy payment plan.

An enjoyable evening was passed with games and songs. Refreshments were served and it was a late hour when the party broke up.

**Grange News.**

At the meeting held by Fruitdale Grange Tuesday evening of last week it was voted to hold a fair next fall. Albert B. Eaton, Valde Newell and John T. Smith were appointed a committee to have the same in charge. Samuel H. Davis was appointed to represent the local Grange as correspondent for the New Hampshire State Journal. Four applications for membership were received. The literary program proved very interesting and consisted of a paper on marketing by auto truck by C. L. Barnes; vocal solo, George Warren; reading, Mrs. John T. Smith; question, "If you had \$20 given you for the purpose of making your work easier, how would you spend it?" Mrs. Wharf and Mrs. H. N. Hill.

Lunch was auctioned off by John T. Smith in a novel manner. A curtain was strung with an opening left, through which each lady inserted her hand. Each gentleman was given a number corresponding with the number held by the lady whose hand he bought. Consequently they were the ones to eat lunch together.

The next meeting will be held Tuesday evening, April 26. The first and second degrees will be worked on several candidates.

**District School Meeting.**

The district school meeting was held in the town hall last Monday at two p. m. under unfavorable weather conditions which prevented a number from attending the meeting. Jason Russell was chosen moderator for the ensuing year; John T. Smith was elected to serve as clerk. Hermon E. Whitaker was re-elected to the school board for three years; Tracy Eaton chosen school treasurer. Article to hear reports of agents, auditors and all other committee was passed. C. R. Farwell was chosen auditor, \$22.85 was appropriated for support of schools and \$115 was raised to finish out the fiscal year.

Article 2. To see if the district would vote to instruct the school board to pay the tuition of Herbert Whitaker in the Townsend high school, brought forth much discussion. It was voted not to pay the bill. The excess amount charged by Townsend for high school tuition was voted on favorably. The district voted to authorize the school board to make contracts with Townsend for tuition of scholars from Mason, not exceeding \$75 for each pupil. It was voted to give the people in each district the privilege of using the unoccupied schoolhouses for community purposes provided they are kept in repair until they are desired for school purposes then they are to revert back to the town.
