No. 4. Price Five Cents

Copyright 1921 Hart Schaffner & Marx

This is Something Worth Shouting About

The Hart, Schaffner & Marx styles in Suits and Overcoats for 1921 are here—new colorings, new fashion ideas, new fabrics. Prices one-third lower than those of the Fall of 1920. We can save money for you on Suits and Overcoats. Not on the first price, perhaps, but our clothes are better; they wear longer; they still look good and stylish when cheaper suits are in the rag bag.

Leander Stewart, son of Mr. and Mrs. Earle M. Stewart, Park street, returned on Monday to his studies at the Maryland university at College Park, Md. His sister, Miss Lillian, also, returned to her school work at the Framingham Normal.

Baseball fans were well pleased with the Sunday afternoon game at the playground, although the home team were defeated, 3 to 1, the team from the Leominster Carriage Works proving too strong a hind.

Miss Kate Groat from Fitchburg, who is quite infirm and afflicted with blindness, is stopping with her niece, Mrs. H. N. Tower.

Methodist Church Notes.

Morning service at 10.45, with preaching by the pastor, Thome, John Eury's guest, "Him that cometh to me, I will in no wise cast out." There will be special music by the choir and a solo by Mrs. Elsie Cooney. It is expected that several children will be presented for baptism at this service.

Church school will follow at twelve o'clock. At 6.30 the Epworth League will hold a devotional meeting in the chapel. At 7.30 regular praise and prayer service, with address by the pastor.

Tuesday evening the weekly prayer meeting at 7.30. Friday evening will be Epworth League night.

The first rehearsal of the girls engaged in the Old Folks' concert was held last Monday evening, followed by a second rehearsal on last Thursday evening. Mrs. Marchant had charge of the singing, with Miss Gray as pianist.

Fraternal Presentation.

A testimonial of the esteem in which Mrs. L. E. Starr of this town is held by members of the Middlesex-Worcester Pomona Grange, was demonstrated the past week, when a delegation from that organization met at her home and presented her with a fine gold Grange jewel.

The presentation was made with fitting words by Mrs. Alice C. Cummings of Shirley, a member of the executive committee of Middlesex-Worcester Pomona Grange, and past master of the same. Mrs. Starr was asked to accept it as a loving token from her friends in the Grange. It was their desire some time ago that the gift should be made, but owing to Mrs. Starr's illness and necessary absence from the Pomona meetings, the presentation had been delayed. Her associates in the organization had realized her desire to promote fellowship and harmony, and during the years of her work as master of the Pomona, 1900-1, and later in 1910-11, these elements had been noticeable.

Mrs. Starr was first one to make an address on "Community Service" work, it was recalled, and her thought for the best interests of the Grange had been appreciated.

Although she had been taken unawares, Mrs. Starr very feelingly responded with sincere thanks, both for the beautiful memento of the Grange and the thought which inspired it. She said that the great love shown her during her past illness, had borne her up and helped her through the terrible pain and the pleasure of sleeplessness. The token was one which would possess for her not only the pleasure in a very beautiful piece of workmanship, but the pleasure of the assurance of the love and fraternal esteem of her Grange associates and friends.

Mrs. Cummings was accompanied by Mrs. H. Warren Seaver and Mrs. Minnie Knight of Townsend, the latter holding the office of secretary of the Pomona Grange, also, by Mr. and Mrs. Ingerson of Ashby, the latter being the historian of the traveling plenary, which occurred some years ago at these different times, under the supervision of Mrs. Starr, the same being held under the auspices of the Middlesex-Worcester Pomona Grange.

All brought gifts of flowers and fancy cakes and a very handsome basket of peaches and flowers, all of which was enjoyed by the recipient. After the presentation of the handsome jewel there was a delightful hour of social talk, largely upon Grange matters, and an animated discussion on some points pertaining to the organization, Mrs. Starr having recovered sufficiently to thoroughly enjoy such an occasion. The delegation remained for an extended call.

Mrs. Starr is pleased to show her fine present to all callers, and it warrants all admiration bestowed upon it, being a peculiarly significant bit of workmanship and an article of rare beauty. The inscription, "Past master" is engraved on the bar. The large pendant has for the center the Grange seal, the golden sheaf, with the letters P. of H. and above this,

Housewarming.
Mr. and Mrs. Joseph Mitchell returned from their wedding trip on Tuesday evening of last week and a reception was arranged by their friends on last week Wednesday, when they were "at home" from three to five and from seven to nine o'clock. A sister of Mrs. Mitchell's, Mrs. Alvin Wright, was present from Ayer, also her daughter, Mrs. Shattuck, from Ayer, and another daughter, Mrs. Leslie Stewart, from this town. Mrs. Bert Wood and daughter were present.

Pleasant Occasion.
A neighborhood gathering, which was called a "serenade," was given Ensign Lloyd Tower and his young wife, when they came back to the home of Mr. and Mrs. H. N. Tower last week on Thursday. The surprise was awaiting them, apparently, as they only arrived, unannounced, Thursday morning from their wedding trip into Vermont and New Hampshire, and the welcome was all planned and held on Thursday evening. It was made the pleasantest of greetings and the young couple were the recipients of numerous valuable gifts of coin and sterling silver. The presentation was made by E. F. Harmon in his happiest vein of congratulatory words and many good wishes, speaking for himself and the others who had united in gifts and greetings. A fine response was made by the young bridegroom, for himself and companion, although he was at first rather "floored" by the complete surprise, but he rose to the occasion admirably. There was music during the even-

THOUSANDS OF NEW ENGLAND
USERS VOUCH FOR THE UNUSUAL
SATISFACTION AND ECONOMY OF
THE ROUND OAK

Coldest winter weather of Maine, New Hampshire, Vermont,—in fact every section of New England has given the Round Oak an opportunity to demonstrate its capacity for heating efficiently, healthfully and with startling economy any place for which the Manufacturer's Heating Engineers have recommended it with their guaranteed blue-print plans for installation.

READ THESE EXTRACTS FROM USERS' LETTERS

"I was very much pleased with my friend's Round Oak, so much so in fact, that I immediately called up the (Company) and ordered one to be installed in my home in..... We all join in thanking you for the comfort you brought into or home." Letter No. 514.

"The Round Oak is very easy to operate. I only fix my fire once in twenty-four hours." Letter No. 513.

"Every man who owns his own property should have one installed, even if he has to borrow the money to do it with." Letter No. 511.

"I am herewith enclosing check for full purchase price, less your liberal cash discount as heretofore agreed. And I thank you for convincing me that the Round Oak is the boy to make Jack Frost's eyes water." Letter No. 507.

"In the coldest days of winter, with door opening continuously, we kept our store warm without any trouble." Letter No. 539.

"And have found it a great acquisition to the home; economical in fuel consumption; easy to attend; and to quote from the late Theodore Roosevelt, I was, 'Dec-lighted.'" Letter No. 537.

"I can cheerfully recommend this system of heating to anyone who wishes to heat a house and be comfortable at a moderate cost." Letter No. 549.

"I am ready to give the Round Oak a hearty recommendation whenever an occasion arises." Letter No. 522.

HERE'S WHAT YOU MUST HAVE BEFORE YOU COULD OWN THIS HEATING SYSTEM AT ANY PRICE

Your home, store, church or other building must be naturally adapted for its satisfactory operation and approved as such by the maker's scientific engineering staff at the factory.

How can they know without seeing the place?

Either from plans that we make, without cost or obligation to you, or from your blue-prints which we send to them.

Their experience and knowledge enables them to decide one of two things: Either that your home cannot be satisfactorily heated by this method at all, which is final—or that they and ourselves are perfectly safe in giving you a guarantee of highly satisfactory service in use, in which case they make and send us blue-print plans of your home, specifying the proper size Round Oak, the correct location of the one register and the ideal manner of installation. This is not to make trouble for you and ourselves, but to prevent it.

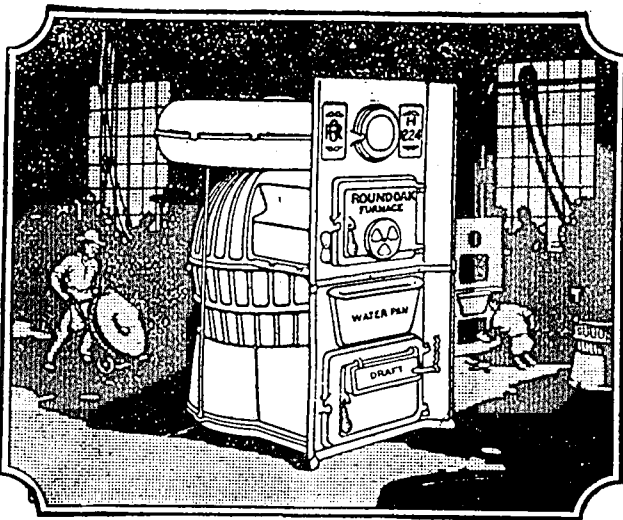

The best things about the Round Oak guarantee is the careful and scientific manner in which homes are selected BEFORE the system is installed. This protects the purchaser against possible disappointment and discomfort in mid-winter.

Many places must be examined during the next few days—phone or write for an early appointment.

AYER HARDWARE COMPANY WHERE SERVICE MEANS SERVICE

PERHAPS YOU'VE GOTTEN ALONG BETTER THAN MOST PEOPLE YOU KNOW, BUT—

when it was "bitter cold" for days and days in a stretch and you had to force your heater, haven't you wished it wasn't necessary?

and when, no matter how hard you "crowded" the fire, you still found it necessary to shut off certain rooms, didn't it inconvenience you?

and when you realized a lot of your hard-earned cash was being lost in wasted heat and costly fuel, didn't it annoy you?—and when coal was very scarce didn't you wish you could burn wood as well?

and when you were not absolutely sure of the family's safety, weren't you worried?

and during damp, chilly days of Fall and Spring, when you wanted a little heat quickly and after a long shivering wait, gotten too much, weren't you disgusted?

and haven't you wished for a heating system that with a reasonable amount of fuel, would really heat your whole home in a way that is healthful and clean, with attention once or twice daily?—one which would rid yourself and family of the annoying experiences of recent winters?

if so, you are ready to

LEARN MORE ABOUT THE ROUND OAK—

through next winter and many, many more, it would give you the means for reproducing Nature's pleasant outdoor summer warmth in your very own home.

you would have pure, clean, circulation, and moistened warmth in every room—the kind well-informed doctors pronounce most healthful.

you would have the most modern method—a system which can be put entirely out of sight when not in use and which at the same time is always ready for instant use during damp, chilly days of Fall or Spring.

every member of your family would enjoy its simplicity of operation—the very little attention it requires—and the ease with which it can be regulated from upstairs.

the greater comfort and convenience of the Round Oak would not cost you more but less than your present method and enough less, because of its great fuel economy, to pay for itself over and over again, it would contribute substantially to the good health, comfort, contentment, and happiness of your family besides adding more to the selling or renting value of your property than the nominal amount involved in its purchase.

if you want these advantages sometime, "surely you need them now!"

DO THIS TOMORROW MORNING

(1) Phone the Ayer Hardware Co., Ayer, 8765, and say "We want a Round Oak if you can safely guarantee it to heat our place satisfactorily"—or, make an appointment (without cost to you) for a Heating Engineer to examine your home before you decide.

(2) If the Round Oak Heating Engineers do not approve your house and supply us with their guaranteed blue-print plans for installation, your order will be cancelled and all money paid, refunded.

NOW is the time to insure the future comfort of your family!

"Guile of women," which will be shown here at Tarbell's Opera House this Saturday, is another Will Rogers picture, and as good as one as he ever starred in. This time Will Rogers plays a Swedish sailor whose trust in women gets him into a good many difficulties. As the sailor, Rogers lives up to his unsurpassed reputation as a marvelous character actor.

The record of the grand jury, September term of court, which appeared in the Northern Telegraph of Wednesday, is of forty-eight true bills reported to the superior court at Manchester, N. H., the name of Arthur M. Morrison, formerly, two charges, appearing among them. Arraignment of the prisoners was in order at the session of the court at Manchester on Thursday.

The large cut into the hill in the rebuilding of Canal street is nearly completed. Specifications call for a twenty-four-foot roadway, including and three feet of filling outside the railing. The filling will be supplied in part by the earth from the Bohrens' lot on Mill street.

The house bought by Mr. Hackett, as he desires a clearer vision across his front yard, has purchased the extra lot of land.

A promotion is noted for one of Pepperell's service men, Lieut. Gerald A. Shattuck. He has been for some time the manager of the shipyard department at the Portsmouth navy yard, and on the transfer of the lieutenant-commander to Virginia, he was given the position.

He is probably the youngest officer to hold the berth, being but twenty-five years of age, with eight years of service behind him. The position is held for a term of four years. The promotion is particularly satisfactory just at this time when so many are being discharged. In his own words, the roll has been diminished more than 100 per day, and clerks and yeomen are being discharged daily.

Mr. A. J. made an auto camping trip recently with her brother, Robert Coy, returning this week. With proper paraphernalia they started for the White mountains, going by way of Crawford Notch. They encountered many other tourists going in the same independent fashion, and found that the method was so common that camping places for motorists had been made all along the route, in some places concrete walls and doors being built up for rent at night. They encountered people from all over the states, having the company at one of the camping sites of a young ex-soldier, an artist, who was camping for health, and could tell tales of similar experiences from Labrador to Japan. The party from town being back giving reports of abundant fruit and vegetables. They returned by way of Franconia Notch, having fine weather all the way.

On Friday of last week, George Weeks and son motored up from New York as the guests of Mr. and Mrs. W. W. Dow, Hollis street. With Mrs. Dow they motored to Stoneham on Saturday, bringing back with them the older brother of Mrs. Dow, Albert Stevens. The party called while there on Mrs. Grace Meagher and Mrs. Fred Morse, who recently returned home from her stay in town, to her home at Woburn. On Sunday the family party were reinforced by Mrs. Albert Stevens and Mrs. W. W. Dow, and after a chicken dinner the three auto parties motored to Milford, N. H., to call on friends.

Mrs. E. F. Tanner, who has been conducting a lunch room on Groton street, is shortly to move to new quarters in the former store of the late A. A. Lawrence, which is being nicely fitted up for her use. Mrs. Tanner will live in the tenement over the store for a convenient convenience.

At the practice meeting of the Warren's Firemen held on Monday evening, many attended, and all were enthusiastic concerning the coming muster at Somerville, Columbus day. It was voted to attend and practice meetings will be held, the next one coming on Tuesday evening of next week, or if stormy, on Wednesday night.

The Althea theater is to be closed by the proprietor, Edward A. Johnson. This was opened by him five years ago and during that time, with the exception of the winter months when he was in Florida, he has conducted a first-class motion picture house, where children might enjoy pictures without any fear of bad influences. Mr. Johnson's generosity toward not only the school children, but to several of the town clubs at various times, is recognized and has been appreciated. It has been said that he tried to give the best subjects for the smallest sum of money, and in this he has succeeded. His entertainments always pleased the crowd.

Wright of Hollis, at the parsonage of the Community church on Thursday, September 15. Rev. H. W. Draxford performed the ceremony. The couple were attended by Miss Kathleen Rouse and Charles E. Spaulding of Hollis. They left at once by auto for a trip to Montreal by way of the White mountains. On their return they are to reside at Hollis, and will be at home to their friends after November 1 at "Brookhaven."

H. S. Blakeney, with his wife and daughter, camped for a day and night on the grounds belonging to Mrs. E. J. Darling, at the residence on Thursday of last week. Mr. Blakeney is the representative of the Bradstreet's agency, New York, and carried the essentials for camping trip in his auto for pleasure.

Among those attending the meeting of Middlesex-Pomona Grange last week at Lanesboro were Mrs. Frank Under Stewart, with her son, George H. Stewart, and wife, Mrs. Frank Ryan, Miss Ida Shattuck and Miss Sarah Tucker. All enjoyed the privilege on Scotland, and Mr. Durman in Scottish costume. The party were unable to remain for the evening program, which included the fifth degree work.

Mr. and Mrs. J. B. Henderson are at Rock Maple farm, having returned from the Marblehead home last week. Mrs. E. J. Darling was a sufferer from neuralgia last week, with the physician in daily attendance.

Mrs. George H. Stewart, in the western part of the town, reports a dahlia measuring ten feet and four inches with abundant foliage, but not many blossoms. Four and five feet is the more usual height for the plants to grow in the one season.

Charles H. Jewett and John J. Douglas of Worcester have gone to St. Lawrence county in northern New York state on a business trip of a week.

Mr. and Mrs. Howard Shattuck have been stopping at the home of his parents, Mr. and Mrs. Louis Shattuck. The young man has now returned to his last year's studies at Norwich university. Mrs. Shattuck and her sister, Miss Colby, returned to Boston last week on Thursday.

At the chapter house of the D. A. R. next Sunday, Mrs. Josephine Lawrence will be the hostess from four to six o'clock, and this will be the last meeting of the year.

At the time of the visitation of the members of the Pomona Grange to Mrs. Starr, the name of George Farmer of Ayer was mentioned, and it was said that he was ill and in the Clinton hospital, a fact which all Grange members should note. Mention was also made of the peculiarly beautiful decorations for the fifth degree work at the Lanesboro Pomona Grange meeting last week, which were in charge of a young relative of Mr. and Mrs. Andrew Callum. The screen of laurel and crepe roses, with colored lights, was particularly noticeable in the evening.

G. G. Tarbell has been at his home on Brookline street this week from the Soldiers' Home at Chelsea.

The assessors of the town announced that the amount recently turned over to the collector of taxes for the present year is \$246,676.

That part of the Hollis road leading from Runnell's bridge toward Pepperell, which caused so much trouble last year, and was filled in, was in an auto mishap on Monday. The heavy paper truck of the Pepperell Card Co., coming from Manchester, N. H., with a load of paper, swerved too far to avoid another car, and the wheels sank into soft ground in the ditch. The lighter truck of the company was sent for from town, and the men pulled it out, and it was finally nearly unloaded. The crew of men, reinforced by farm help, worked about three hours, starting about noon. After the recent dry spell the trouble was not expected.

Several members of the Masonic lodge, St. Paul and Caleb Butler from Boston, attended the visitation of Charles F. Fleming, district deputy grand master, at Ayer on Monday. Among the officers of St. Paul lodge, Ayer, who were in the car, is noted the names of Clarence Addison, grand worshipful master and Jacob Gardner, Willey, secretary.

It Did Come Suddenly.

An unusually interesting communication was received by a New York life insurance company from the Dahlstrom Metallic Door company of Chicago. A letter, pointing out the advantages of insurance, was mailed to Mr. Dahlstrom on November 16, 1920. A part of this letter read as follows: "Have you ever thought that your turn may come suddenly. Suppose it did." The answer to this supposition, as written by some unknown person, is as follows: "It did. He's dead. Returning letter and postcard. Can't forward Keeping blotter. Can use this."

It is interesting to note the type of homes that preachers come from. In the Methodist denomination 68.7 per cent of the preachers come from farmers' homes and 11.8 per cent from preachers' homes. In the southern Presbyterian denomination 47.7 per cent come from farmers' homes and 18 per cent of the preachers come from parsonages. In the Presbyterians of the United States of America 33 per cent come from farmers' homes, while 15 per cent come from parsonages—From Georgia Methodist Conference Notes Atlanta Constitution.

Tyranny of Custom.

Staley, the African explorer, said: "No luxury of civilization can be equal to the relief from the tyranny of custom. The heart of Africa is infinitely preferable to the heart of the world's largest city. If the way were easier, millions would fly to it."

Mending.

Electrician's sticky black tape is excellent for mending breaks in pipes or bowls. If the weak spot is in a pipe, wrap the tape around tightly, leaving a generous amount on each side. If there is a crack in the bowl, run the tape along the crack.

Old Formula Best.

There may be some new-fangled method of achieving success that looks good for a time, but we don't believe that any man has ever improved on the old formula of hard work and honesty.—Searcy (Ark.) Citizen.

Maybe those pocket wireless telephones we have heard so much about will be perfected in time to help some.

This scarcity of doctors that is spoken of can be counted on, we suppose, to add to the high cost of living.

GENEROUS MINDED.

It is a great thing to be generous minded and to accord to others a large latitude of opinion and practice. This is, however, the source of the great increase of social immorality. Standards disappear and every one is a law unto himself. Clean-cut ideas do not seem to govern in any field of social life. Everything goes—fashion, show, dance, drink, language—so that good and bad are quite alike in practice. People have an awful horror of the straight-jacket, and consequently they make their laws pretty free, often verging away over into the shady region. Here is where there should be a care. Nothing unworthy should be allowed, says Ohio State Journal. One of the seven wise men of Greece put his advice in two words, "Avoid excess." That is a fine rule for today, but the excess is being too liberally interpreted. Better to have a few well defined rules: No profanity, no alcohol, no lying, no vice, no ill-will, no cruelty, no sacrifice. "Avoid excess" lets all these in some, and they should all stay out, not simply for Heaven's sake, but for earth's sake. Everything that helps toward the future life is needed badly in this. It is safe to be strict when dealing with the virtues.

United States government bonds are about the only securities in which one does not need to spread the risk. They are the obligation of all the people and of all the business of the country. Their principal and interest are secured by taxation on all these sources. The risk is spread the full length and breadth of the United States. It is not confined to any one section, nor is it based upon any one single industry or activity. Here is one security that combines the elements of diversification within itself. No corporation, state or local security does this, asserts the World's Work. That is the reason why Liberty bonds are particularly suitable investments for persons who cannot afford to take risks with their money—which is to say they are particularly suitable for most everybody, for there are few who really can afford to take risks with their savings.

Now comes the open season for shouting unkind remarks at young men who have taken the trouble to go through college. Why? Lots of them are conscientious and potentially useful. And many of them have worked to pay their way through four arduous years.

D'Annunzio is now in Venice writing verses to a new wife. We fancy that his affliction is rather of the incurable order, remarks Houston Post, and harmless if he be kept disarmed and away from the mercurial tablets on the little shelf in the bath room.

Five pounds sterling has been fixed as the price of a wife for the border tribes between Liberia and Sierra Leone. A frost has nothing to do with this price as the frost doesn't come, lots of times, until a man has got his wife.

The announcement that Crown Prince Hirohito of Japan is going to Paris incognito is merely a notice to the people of the French capital to let the young man have a good time without being annoyed by ceremony.

We wonder whether the deputy who introduced a bill in the French chamber providing for an issue of 150,000,000 paper francs to be used in paying the national debt owes many French bonds.

A race has been discovered in southern Sumatra whose members have never been known to tell a lie. In that same connection, the discoverer of the race informs us that its members never hunt or fish.

It develops that one man whose name was down on the slacker list served two years and a half in the Polish army, 16 months in the French army and later fought the Bolsheviks.

There is a theory that men are discarding the waistcoat because there is too longer any use for pockets. We hope that theory will not be pursued to its logical conclusion.

"The relation of the family doctor to the surgeon is that of bird dog," declares a prominent physician, offering an excellent opportunity for the patient to die game.

The man who wants to create a universal sentiment for disarmament by America need only to demonstrate conclusively that it is safe.

King Boris of Bulgaria is going to visit the United States this year, but whether he will come incoq or in the steerage the cables don't say.
