Agicultural Fair. Dry weather and not a good fruit season affected the display at the annual agricultural meeting on the auspices of the Congregational church last week Friday afternoon and evening. However, there were many good specimens of fruit, trees and gardens. The sales tables for aprons, fancy articles, candy, white elephant and Mrs. D. H. Taylor's received good patronage. The supper from 6.30 to 8.00 o'clock was largely attended, in charge of Mrs. Perley E. Wright and a large group of helpers. Mrs. William R. Taylor was in charge of the evening's program. About 500 attended the annual outing of the Lowell Fish and Game association at Willow Dale last week Thursday afternoon. Taylor and Edwin Currier from Littleton.

The U. S. crop reports show a shortage in the potato crop of 26,500,000 bushels. The rice crop, which is a good substitute for potatoes, is the largest in history, estimated at 33,500,000 bushels of rough rice which is 93,000,000 pounds of cleaned rice. Added to this is a large amount left over from the 1920 crop.

William Pollock, manager of the Fletcher Cold Storage, has harvested four tons of squash on a little over an acre, and more to be harvested. The parents of these squash did not show any signs of being due to drought and other hardships. It is a remarkable showing and we so remark.

Guest night was observed at West Chelmsford Grange on last week Thursday evening. Those invited were residents of the village and Westford Corner and west on the Lowell road as far as Taylor's Corner and over six-five years of age. The program included violin solos, Miss Marion Adams, accompanied by Miss Esther Eberhart; recitations, Miss Doris Yorke; dance Gladys Cole; character songs, Frank Lupien. Refreshments were served in charge of Mrs. Elizabeth Smith, Mrs. Thomas

and Mrs. Edward Cpburn. Each guest was presented with a souvenir. At the next meeting, the second Thursday in October, the first and second degrees will be conferred on a class of sixteen candidates.

Mrs. Emma F. Noyes, a former resident of Haverhill and Westford, died last Saturday evening at the home of her daughter in Montreal, Canada, at the age of seventy-eight years. She is survived by her daughter, Mrs. Howard T. Adams, of Montreal, formerly of Westford. The Howard T. Adams family was in town Tuesday afternoon. Rev. Hans Hatfield of the Emmanuel Baptist church, conducted the service. The bearers were Howard T. Adams, Isaac Adams, and Mrs. Howard T. Adams. Burial took place in the family lot in Fairview cemetery, Westford, where the committal service was read by Mr. Hatfield.

Donald M. Cameron, of Westford and Lowell, has been elected a trustee of the Lowell cemetery.

Paul V. Lundberg, of Brookside, conducted the choir last Sunday afternoon at the hall of the Abbott Womusic Company in Brookside, taking for his text, "Millions are now living who will never die." Seems as though he had heard of that before somewhere. We have been informed that it has been preached from over two thousand years. Oh how it seems as if it wasn't as long ago as that.

We have just received our tax bills and we are proud of them, and we thank everybody early and often, who assisted us in so suddenly accumulating so much wealth as to come to two tax bills. One is plain S. L. Taylor and the other is plain S. L. Taylor if it is possible to be plainer than the other fellow. We opened the S. L. T. address and said right off that this can't be our tax bill. When we came to see what it was—and then we happened to think this is the fac-simile of our own vote at last annual town meeting and we find that we have no cause against anybody but our own fac-simile.

The weather dropped to 32° Tuesday morning at the F. C. Drew farm, and it is dropping to summer heat again.

Deer are becoming plentiful on Francis hill in the vicinity of Chamberlain's Corner. Three have been seen recently and others are expected to be seen as young apple trees recently set out make desirable browsing.

We have always believed in the preservation of the deer, but dear me if we believe in preserving the deer in somebody's apple reservation, Massachusetts has one million acres of waste land, this should be park land and fenced for the roaming reservation of the deer. The deer are dear to me, but when they browse off my apple trees they are still dearer. Miss Emily Fletcher, who is an authority on birds, flowers, ferns and other beautiful things of nature, attended a nature history meeting in Worcester last week.

Miss Edna Sargent has returned for her second year at the Massachusetts Agricultural college. She will attend the Abigail Adams Centennial named for that famous woman of Massachusetts, who understood how to carry on her farm during the American revolution and who has the unique distinction of being the wife of one president and the mother of another.

First Parish church (Unitarian) Sunday service at four o'clock, preaching, Rev. Frank B. Crandall, Subject, "The great object of desire." Harold T. Shattuck of Leominster, organist at the Unitarian church, Ayer, will preside at the organ.

Winners of Premiums. The Groton fair was the best that we have ever attended in the display of fruit, vegetables, grain, poultry, canned goods, household manufactures and boys' and girls' club display. They put up an exceptionally fine display and ought to be continually encouraged by alluring premiums and prizes. The display of apples, particularly those patronizing the fair. The display of fruit was a wonder in quantity and in its rosy-cheeked, captivating appearance. Those who contributed are to be congratulated for their display. Had several premiums been offered on the best and largest display of cider apples we are confident they would have been given. The premiums. The display of vegetables was also the best seen at Groton fair and we congratulate the farmers who have the skill to raise such variety. It is so much better than to be limited to being tethered to a cow and milk can.

We were so happily engaged in sight-seeing that we did not see the horse racing, but we heard the Groton band play and that sent us heavenward to the horse racing. Horse racing could start us in that direction.

Westford, while not largely represented in the exhibition, was awarded several fine premiums and several that were not first. Mrs. Boyd H. Trask, of Grantville, was awarded a small amount of premiums on poultry. The Abbot Womusic farm was awarded first premium on best trace of corn, eighteen ears, and first premium on best single ear of field corn. We bow our thanks, but we had decided to bow at such a sunny, uplifting time, win or lose on premiums, wouldn't change the bow intention.

Altogether and separately the Groton fair was a success as never before. Sunny days and an equally sunny weather, the various friends and friends to be introduced, cheerful stirring music by the Groton band all worked together to make a good time.

Governor's Day at Westford. The big Republican League of Massachusetts outing, to be held at Whitney playground on Saturday, October 7, from 1 to 11.30 p. m. promises to be the largest affair of its kind ever attempted in this vicinity.

Present and speak, also Congressman John Jacob Rogers and Mrs. Emma Fall Schofield. A. B. L. D., equally prominent speakers. A baseball game between Chelmsford A. A. and Townsend promises to be very exciting. Other sports for valuable prizes. The Abbot Womusic Company's forty-piece band, will furnish concert and assist Ralph "Peep" Hawkes in leading the community singing. Everyone invited to attend. No charge for admission.

Dancing will be in order in the evening from 7 to 11.30 in Westford Odd Fellows hall. Orchestra of Wellington music. An exciting dancing exhibition by O. L. Court of New York and Boston will be one of the features of the evening. All notices marked free with ample police protection. Twenty refreshments on the grounds.

Grantville. Many people from this village attended the social dance given by the Abbot Womusic Company at the Forko Village on last week Friday night and report a very enjoyable time. Larkin's orchestra furnished excellent music for dancing and at intermission refreshments were served.

The Abbot Womusic Soccer club was defeated by the American Woolen Co. of Lowell, in a soccer game on last week Saturday by three goals to two. On this Saturday the Abbots will play the Arlington milla eleven at Forko Village. Kick off at 3.30 p. m.

A son was born to Mr. and Mrs. Frank Shugrue on Monday.

The members of Cameron circle, C. of F. of A., held a supper and what was the best meeting of the Tuesday evening that was well attended. An excellent supper was served at seven o'clock and was thoroughly enjoyed. The program that followed found many players in action and the different winners were awarded some excellent prizes. Miss Emily Hatfield had general charge of the affair, assisted by an efficient committee.

Many of the baseball fans from here are deeply interested in the Ayer-Groton series. The next game will be played in Groton on Sunday afternoon and the Grantville fans will certainly be on the side-lines to see this important game.

ONE BRAND- ONE QUALITY- One Size Package. All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL. Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette. Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste. And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price. Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show! Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality. One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY. Camel logo with a man smoking a cigarette.

Funeral services for the late George E. Van Etten, who was found dead at his home last week Friday morning, were held at the Congregational church Monday afternoon at two o'clock in charge of H. L. Sawyer of Fitchburg.

On Monday commenced a change of time in the train and mail service, which is not very satisfactory to the general public. The morning mail, which formerly arrived at about 7 a. m. is now due around 12:30 and the outgoing mail, which formerly left at five p. m. leaves the post-office at 2:10 p. m. and the freight and passenger service combined, makes a definite schedule very uncertain.

Mrs. Ella Farley last week visited friends in Hollis, N. H., for a few days and attended the Hollis fair. George Way, who makes his home with Mr. and Mrs. Frank Farnsworth, has found employment in Boston.

Next Saturday at town hall the feature will be Wanda Hawley in "The house that jazz built," adopted from the Saturday Evening Post. Executive Coach Sophie Kenyon and Miss Hawley is the heroine as petted wife of a rich man loses figure and husband, then reduces and wins him back. This is a very interesting story and Miss Hawley plays the part of Cora Rodhan great. Pathe News, 14th chapter of "Velvet fingers" and Pathe Topics.

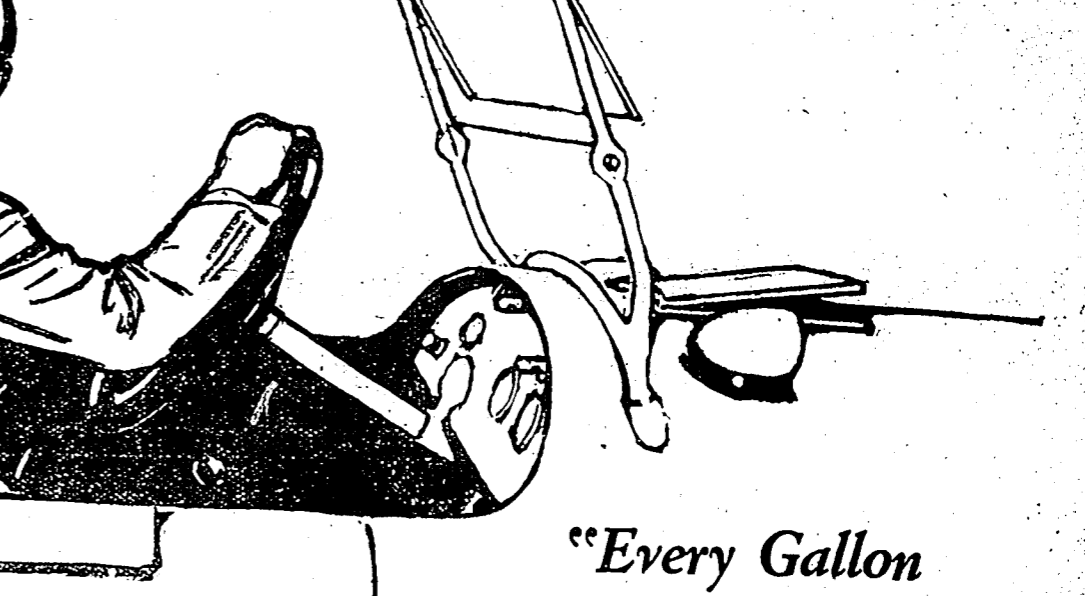

Attended Groton Fair. A large number of our town folks attended the Groton fair last week. On Saturday Bromfield school A. A. entered in the inter-school contests and won third place by a score of twenty-two points, beating Ayer and Groton. This is really a matter of considerable pride as Bromfield is a very small school in comparison with others.

Lawrence Small won the 1/4-mile run, the 100-yd. dash and also broke the track record for 100 yds. by winning a silver cup for this event. He also won second place in the standing high jump. In the relay race Preston and William Williams did a good work. The girls did their part, also, in the cheering section, their colors, blue and white, making a good appearance. It was also Harvard's day on the track.

News Items.

Rev. W. A. Linberry came last Sunday as a candidate for the pastorate of the Congregational church, and gave a fine sermon from a text in Matthew.

The new barn on Eldon H. Price's farm on Flat hill is completed and was opened with a "house-warming" or rather a corn husking, last week Thursday evening. It was attended by more than 100 neighbors and friends, and a large amount of corn was stripped of its natural wrappings. A fine social time was greatly enjoyed by all.

Capt. Stillman Stone, the oldest veteran of the Civil war, living in town and the oldest member of G. A. R. post, is now the possessor of the cane carried by the oldest member of the post. His eighty-sixth birthday was celebrated last week by a visit from the Daughters of Veterans in a body. They presented him with a fountain pen and Mrs. Stone bought out a nice large cake, illuminated with eighty-six candles. Mr. Stone served some of his prize-winning melons, which added to the refreshments served, and aided in the social jollity of the occasion.

Frank Proctor passed his ninety-second birthday on Wednesday. Both of these men, so many years young, are still bright and active and have this year had as fine gardens as any in town and have raised flowers, fruit and vegetables, many of which were prize winners at the fair.

The home of Mr. and Mrs. Arthur B. Farnsworth was gladdened by the arrival of a baby boy on last week Friday evening. The young man will be known as Arthur Thomas Farnsworth.

Almost everyone in town is very glad of the change in time. Glad to return to standard time, and most every family in town was ready for the change and right on time for church services last Sunday morning, some of them arriving at 9:30 at the church doors.

OF THE ROUND OAK PIPELESS HEATING SYSTEM

Guaranteed by the \$3,000,000.00 Round Oak organization and Ayer Hardware Co.

Special Offer

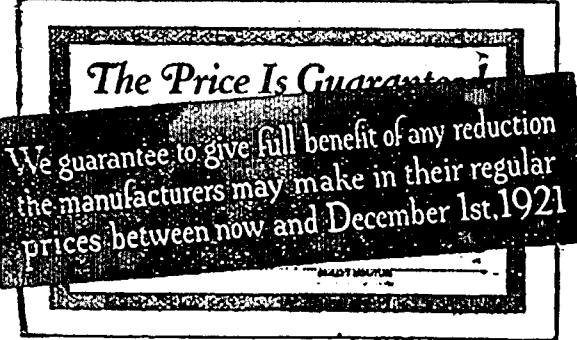

It explains our Special Offer to those who decide NOW! AND IT MEANS EXACTLY THIS—

You Can Save \$14.00 to \$30.00

(According to size required)

by simply having a small space in your basement, shed or barn to store your heater until our installers can make it ready for use—and by deciding now instead of later.

You are protected whether the price goes up or down—later on, because we give you the same Price Guarantee Bond which the Manufacturer gives to us—and we know it is good!

And of Equal Importance You have the keen satisfaction of knowing that your home will be ready for the chilly days of late Fall or coldest Winter weather—because We guarantee to have it ready before cold weather If You decide NOW

The Beckwith Company Resources Three Million Dollars Round Oak Stoves, Ranges, Moistair and Pipeless Heating Systems Dowagiac, Michigan September 1, 1921

To Our New England Distributors? It is now quite apparent from the large number of orders which are being placed all over the country that the present year's demand for the Round Oak Pipeless Heating System is going to exceed even our greatly increased facilities.

However, we find a large percentage of these orders are for early fall shipment and in making up new production schedules for the balance of the year, are impressed with the necessity for shipping from day to day, everything over and above what we can store in our several large warehouses.

Unless this is done, it will be physically impossible for us to supply our distributors with more than a small part of their full year's allotments. Aside from our warehousing problem, you gentlemen are familiar with the usual Fall car-shortage and freight congestion, due to heavy movement of crops, coal, etc., which would further complicate matters.

While we know that you fully understand this situation, we also realize that you are in no position to receive and warehouse the large number of Round Oaks which have been allotted to your district—unless some special arrangements are made.

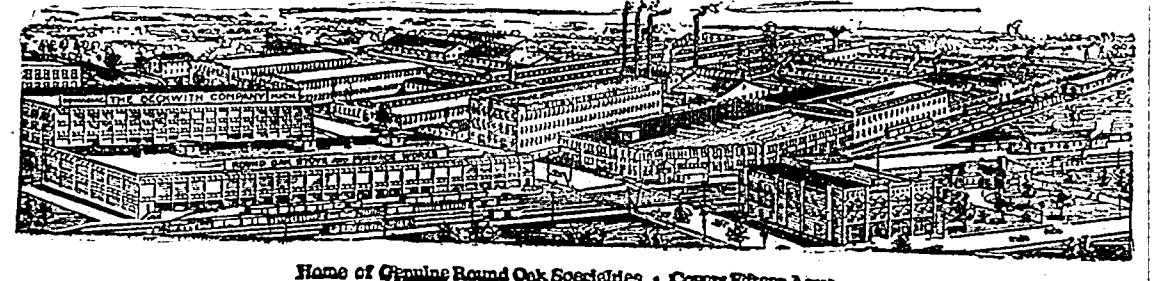

With this in view, we now authorize you to advertise the following special offer for a period of not more than ten days: Savings, proportioned to the size ordered, of \$14.00 to \$30.00 each, to those who place orders now with the understanding that you may store the heaters on their premises until your installers can put them in, and with guarantee that all such plants will be ready for use before cold weather.

These savings of \$14.00 to \$30.00 shall be in addition to any amounts which may later be refunded because of any reduction in our present regular prices during the year—as stated in our Price Guarantee Bond. Please make this clear so that no one will think this offer is made in anticipation or instead of a regular price reduction.

While the amount of space occupied by a single Round Oak means nothing to any one purchaser, we believe it is only fair to offer this liberal saving to those who help us in this way to solve our warehousing problems. With this liberal inducement, many folks will place orders now instead of later, which will not only make it easier for you to maintain the high Round Oak standard of workmanship, but enable us to deliver your full allotment for the present year.

You may advertise this offer immediately.

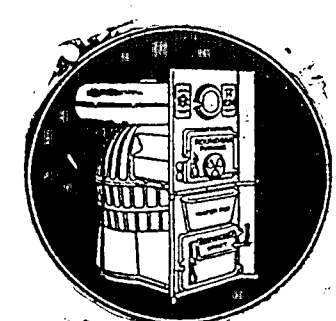

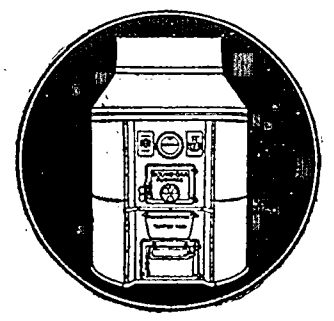

Yours very truly, THE BECKWITH COMPANY Joe A. Howard, Second Vice-President and General Sales Mgr.

4. What would be the exact cost for your place—all ready to use—without extra charges for material and labor later?

Manufacturer's representative will be pleased to tell you. This information is yours for the asking—quite without cost or obligation to you.

**ONCE UPON A TIME THERE WERE NO DOCTORS!**  
 The Doctor Was Not Much Needed Until Folks Began to Break Nature's Law.

Doctors Preach Prevention is Better Than Cure.  
 Ninety per cent of all disease is preventable, so doctors say. Eat simple food, exercise wisely, sleep sufficiently, and what is vitally important—take care of the daily, regular, thorough elimination of body waste, and the chances are nine to one that you will keep well, work efficiently and enjoy life. Bowel elimination of food and tissue waste is all-important. But in case of irregularly, disordered or imperfect action do not make the common mistake of taking harsh, violently acting medicines, with the idea of forcing the bowels to act. Nature believes in mild methods. She responds best to persuasion.  
 So in selecting a simple remedy to regulate and assure proper bowel action, you should not use harsh or violently acting remedies, no matter how much has been claimed for them. You should choose some well-known, time tested, trial proven remedy, that has made its reputation by being used for many years, by all sorts of people, all over the world. Take Beecham's Pills for example. Beecham's is a household word, has been for many generations. Beecham's Pills is a household remedy, has been for over half a century. People not only take Beecham's but recommend Beecham's to their friends. Their use is handed down from father to son or from mother to daughter, from one generation to another. Did you ever hear of any complaint or criticism of Beecham's? Isn't that a pretty powerful endorsement of their worth? Druggists are glad to sell Beecham's.
